EZ-Wash Multiple Layer Dog Beds™

Machine Washable

Our durable zippered soft fleece sheets are machine washable and dryable. And since you can buy more than one set of sheets you can wash them on your own time!

Keeping your dogs sheets fresh and clean is important, so be sure to wash your dog's bed sheets each week when you change the sheets on your own bed.

Two Piece Design

Our unique two piece design (pillow mat and bolster)

makes our bed versatile and portable for travel. The removable bottom cushion can be used as a travel mat or crate mat to promote the familiarity of home in a not-so-familiar place like the boarding kennel or a camping trip.

Removable & Replaceable

Our removable sheets are also replaceable so if they ever tear or become worn they can be replaced like bed sheets without having to purchase a brand new bed. Mix and match colors to customize your dog's bed to your home. Each part of our bed including the durable nylon covers

and stuffing can be replaced, saving you money and giving your dog a familiar bed for life.

Saving Money

Replaceable parts save you money. Now you can replace the worn part and not the entire bed. By not having to repeatedly purchase new beds for your pet, you can spend the savings elsewhere. Your dog will thank you because they will never have the hassle of having to learn to like their new bed and getting it to smell like something that belongs to them. Just replace the parts you need.
