Made in China  
PATENTED DESIGN | U.S. Patent No. 7,870,839

# HOW ARE THEY MADE?

**Machine  
Wash, Air Dry**

## **MULTIPLE ROWS OF STITCHING**

*Vulnerable areas are covered and sewn with a material binding that covers the original sewn edge. This extra binding creates multiple rows of stitching to hold the seams together.*

## **2 LAYERS OF MATERIAL**

*Each toy has a plush outer material with a layer of heavy fleece underneath. The fleece underneath is what gives this toy its strength. The fleece core holds the body of the toy together when playing games like Tug.*

## **DURABLE SEAMS**

*All seams are located inside the toy to discourage chewing. Vulnerable seams are protected by sewing a flexible material over the edge of the seam.*

## **HIGH DURABILITY AND QUALITY**

*Each toy incorporates quality materials that provide the highest level of durability.*
