RETHINK DURABILITY
HOW ARE THEY MADE?

MULTIPLE ROWS OF STITCHING

When sewing the toy's seams together, we add webbing to the vulnerable seams to reinforce and make them stronger.
This extra binding creates multiple rows of stitching to hold the seams together.

3 LAYERS OF MATERIAL

Each toy starts with a hollow plastic squeaking core of balls and squeakers. The shell is soft microfiber that is reinforced with a mesh backing.

Multiple layers create durability.

URABLE SEAMS

to discourage chewing. Vulnerable seams are protected by sewing a flexib material over the edge of the seam.

All seams are located inside the toy

Each toy incorporates quality materials that provide the highest level of durability.

LIMITED GUARANTEE: We guarantee the toys against defects and workmanship. If you experience a problem you should contact VIP Products directly at 1-866-4-DOG-TOY (436-4869).
