

# DURAFORCE®

**DURABLE WOVEN FIBER! SQUEAKS, FLOATS AND WASHABLE!**

## **SUPER TOUGH WOVEN MESH MAT**

The 1st layer (Outer) is made from plastic coated polyester fibers that are woven into a thick mat for durability. The outer layer is equally as thick as many multi-layered durable toys. The 2nd layer (Inner) is polyester to make the toy even more durable. Both layers are cross-stitched together.

## **DURABLE WEBBING**

Each edge of the DURAFORCE® toy is covered with industrial grade webbing to protect the edges and create strength. The toy is then sewn again to ensure the toy stays together in the toughest interactive play.

## **SQUEAKER SAFETY POCKETS**

Squeakers are sewn into material pockets inside the toy. This additional layer of safety can give you the time you need to safely remove the toy in the event your dog reaches the core of the toy.

## ***SUPER TOUGH TOY!***
