## HOW ARE THEY MADE?

### MULTIPLE ROWS OF STITCHING

When sewing the toy's seams together, we add another row of stitching to the vulnerable seams to reinforce and make them stronger. This extra binding creates multiple rows of stitching to hold the seams together.

### 3 LAYERS OF MATERIAL

Each toy starts with a hollow plastic squeaker core of balls and squeakers. The shell is soft and plush, and reinforced with a mesh backing. Multiple layers create durability.

### DURABLE SEAMS

All seams are located inside the toy to discourage chewing. Vulnerable seams are protected by multiple rows of material over the edge of the seam.

### HIGH DURABILITY AND QUALITY

Each toy incorporates quality materials that provide the highest level of durability.
