SEVEN ROWS OF STITCHING
 Tuffy's rows are made up of 7 rows of stitching. The number of rows of stitching depends on the ring size and the number of rows of stitching that are used to hold the material layers together. Rows of stitching that are used to hold the material layers together are made up of 7 rows of stitching. When possible, protective stitching is added around the outer edge and sewn up to 3 rows from the outer edge.

4 FOUR LAYERS OF MATERIAL
 Tuffy's rings can have up to 4 layers of material. Our Ultimate series (Refracted Rings) can have up to 2 layers of luggage grade material. Our other series can have up to 2 layers of luggage grade material. Tuffy's rings are made up of 4 layers of material in total. When possible, protective stitching is added around the outer edge and sewn up to 3 rows from the outer edge.

PROTECTIVE WEBBING
 For our Ultimate series we add an additional layer of webbing. This layer is made up of 100% cotton webbing. When possible, protective stitching is added around the outer edge and sewn up to 3 rows from the outer edge.

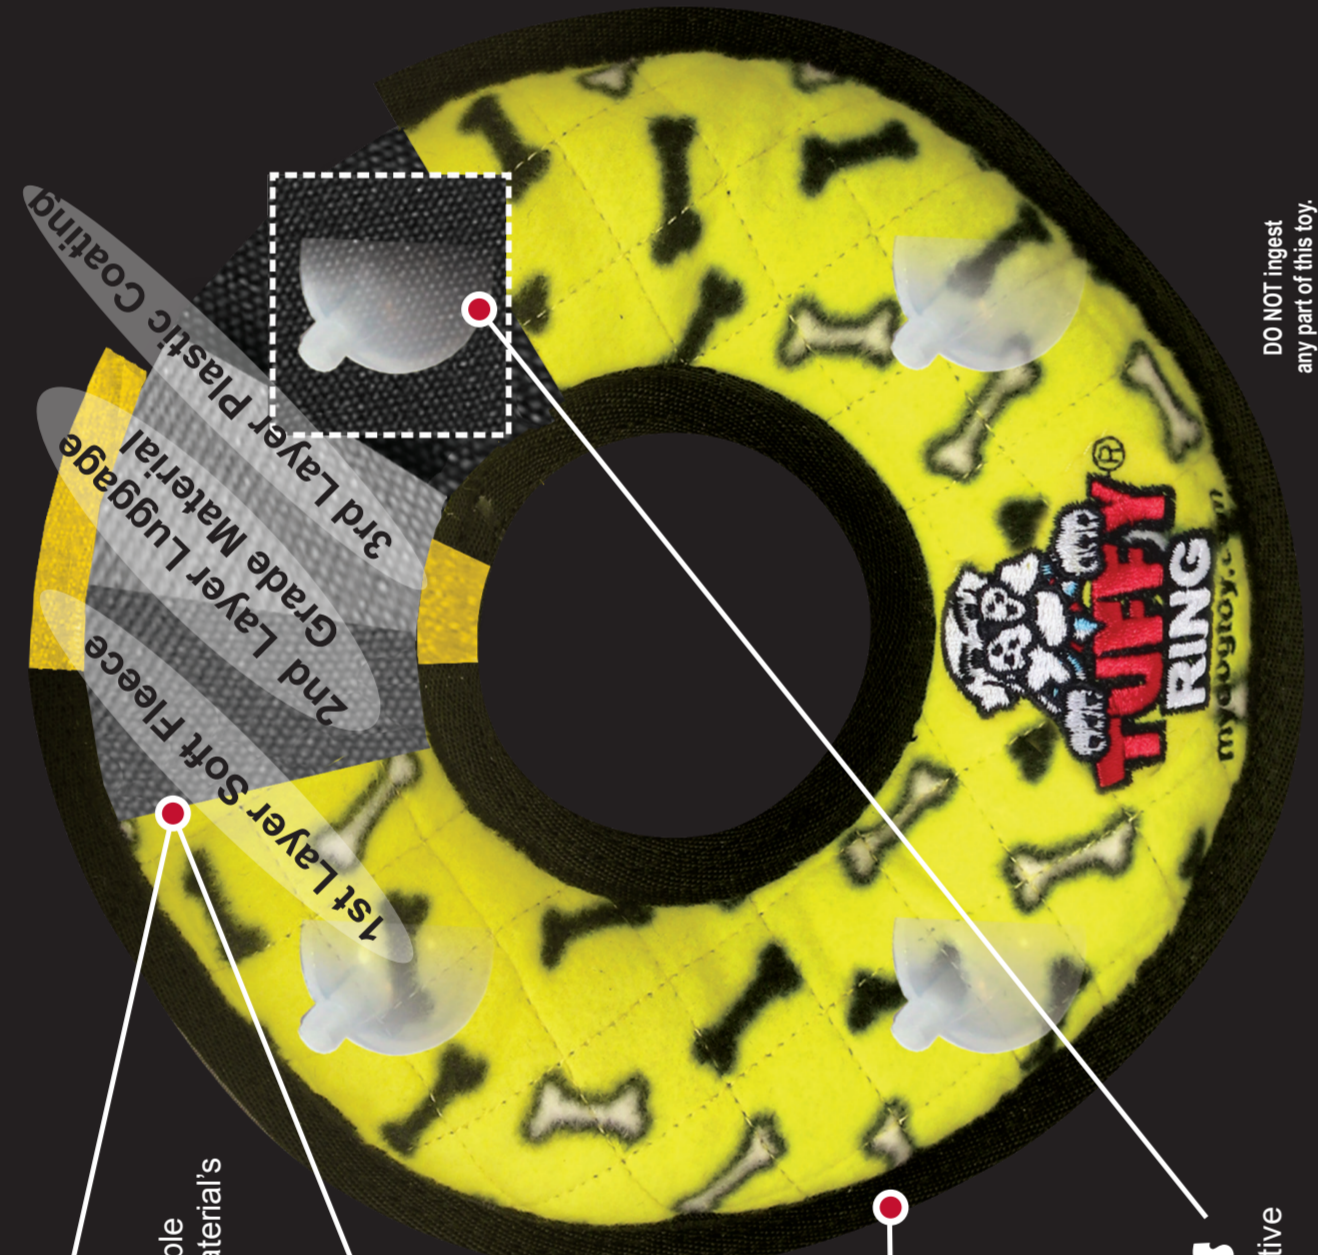

SQUEAKER SAFETY POCKETS
 When possible, squeakers are sewn inside protective pockets for your dog's safety.
