CARE INSTRUCTIONS

This toy is machine washable – air dry.

REMOVE LOOSE THREADS

Over time this toy will start to show wear. Trim loose threads or loose material to avoid accidental ingestion.

THERE IS NO SUCH THING AS INDESTRUCTIBLE!

Tuffy® toys are the "World's Most Durable Soft Dog Toys" and are built to withstand rigorous interactive play, not aggressive chewing. We use quality durable materials, but this product is still a "soft" plush dog toy that can be damaged from chewing. Care for your dog like you would your child. Do not allow your pet to swallow any part of ANY brand of dog toy. **INJURY MAY RESULT.**

**YOUR DOG'S SAFETY IS
YOUR RESPONSIBILITY:**

ALL dog toys are meant for interactive play, not for chewing. If your dog wants to "chew," remove the toy immediately and give your dog something they can digest if swallowed. Love your dog, treat them the same as a child, and NEVER let your dog ingest or swallow any part of ANY brand of dog toy. Injury may result. Not for children.

LIMITED GUARANTEE: For defects in workmanship. To read the full details of our Limited Guarantee, please visit MYDOGTOY.com

Family Owned and Operated

TUFFY®

JUNIOR CONSTRUCTION

MULTIPLE ROWS OF STITCHING

Tuffy® toys can have up to 7 rows of stitching. The number of rows of stitching depends on the shape, size and style of the toy. Two directions of cross stitching hold the multiple layers together. Rows of stitching hold webbing around the material's edge, and the toy's parts are sewn together with up to 3 rows of stitching. When possible, a protective webbing is added around the outer edge and sewn up to 3 more times.

MULTIPLE LAYERS OF MATERIAL

Tuffy® toys can have up to 3 layers of material depending on the shape, size and style of the toy. Our Ultimate series (depicted here) can have up to 2 layers of luggage grade material. Certain layers of material are coated with a layer of plastic to hold the material fibers together. Finally, we use soft fleece for the outside layer.

PROTECTIVE WEBBING

For our Junior series we add an additional layer of webbing, whenever possible, around the outside edge to cover the seams of the toy. This is sewn multiple times, for added durability.

SQUEAKER SAFETY POCKETS

When possible, squeakers are sewn inside protective pouches as an added layer of safety.

DO NOT ingest any part of this toy.
