

Limited Guarantee: For defects in workmanship. To read the full details of our Limited Guarantee, please visit www.vipproducts.com

These are designed to be a "play" toy, not a "chew" toy. If used properly your dog will have a toy that can out-last your basic soft sewn play toy. Do not let your dog ingest any portion of this toy. If you dog reaches the stuffed core discard your toy immediately. Our toys are "built to last", but keep in mind no toy will last forever.

TUFFY® MEGA BALLS

Washable And They Float!

WORLD'S MOST DURABLE SOFT DOG TOY

7 SEVEN ROWS OF STITCHING

Tuffy® toys can have up to 7 rows of stitching. The number of rows of stitching depends on the shape, size and style of the toy. Two directions of cross stitching hold the multiple layers together. Rows of stitching hold webbing around the materials edge, and the toys' parts are sewn together with up to 3 rows of stitching. When possible, a protective webbing is added around the outer edge and sewn up to 3 more times.

7 SEVEN LAYERS OF MATERIAL

Tuffy® MEGA toys can have up to 7 layers of material depending on the shape size and style of the toy. Our MEGA series (depicted here) can have up to 3 layers of Luggage grade material. Certain layers of material are coated with a layer of plastic to hold the material fibers together. Finally, we use soft fleece for the outside layer.

PROTECTIVE WEBBING

For our Ultimate series we add an additional layer of webbing, whenever possible, around the outside edge to cover the seams of the toy. This is sewn multiple times, for added durability.

Washable • They Float • Extreme Durability
Tiger Tested, Dog Approved!
