YOUR DOG'S SAFETY IS YOUR RESPONSIBILITY: ALL dog toys are meant for interactive play, not for chewing. If your dog wants to "chew," remove the toy immediately and give your dog something they can digest if swallowed. Love your dog, treat them the same as a child, and NEVER let your dog ingest or swallow any part of ANY brand of dog toy. Injury may result. Not for children.

HOW ARE THEY MADE?

MULTIPLE ROWS OF STITCHING

When sewing the toy's seams together, we add webbing to the vulnerable seams to reinforce and make them stronger. This extra binding creates multiple rows of stitching to hold the seams together.

3 LAYERS OF MATERIAL

Each toy starts with a hollow plastic squeaking core in the shape of the toy. We then add a layer of luggage grade material and a third layer of soft fleece on the outside. Multiple layers create durability.

No White Stuffing!

HIGH DURABILITY AND QUALITY

Each toy incorporates quality materials that provide the highest level of durability.

2 TOYS IN 1

Instead of stuffing, we created a plastic squeaking core in the shape of the toy. If your dog removes the outer 2 layers, they still have a whole new toy to play with!
