**20  
YEARS**

# HOW ARE THEY MADE?

*When sewing the toys seams together, we add webbing to the vulnerable seams to reinforce and make them stronger. This extra binding creates multiple rows of stitching to hold the seams together.*

## 2 LAYERS OF MATERIAL

*Each toy has a soft outer material with a layer of heavy fleece underneath. The fleece underneath is what gives this toy its strength. The fleece core holds the body of the toy together when playing games like Tug.*

**Machine  
Wash, Air Dry**

## DURABLE SEAMS

*All seams are located inside the toy to discourage chewing. Vulnerable seams are protected by sewing a flexible material over the edge of the seam.*

## HIGH DURABILITY AND QUALITY

*Each toy incorporates quality materials that provide the highest level of durability.*

**LIMITED GUARANTEE:** For defects in workmanship. To read the full details of our Limited Guarantee, please visit MYDOGT0Y.com

**YOUR DOG'S SAFETY IS YOUR RESPONSIBILITY:** ALL dog toys are meant for interactive play, not for chewing.

If your dog wants to "chew," remove the toy immediately and give your dog something they can digest if swallowed. Love your dog, treat them the same as a child, and NEVER let your dog ingest or swallow any part of ANY brand of dog toy. Injury may result. Not for children.
