## SUPER TOUGH TOY!

### SUPER TOUGH WOVEN MESH MAT

The 1<sup>st</sup> layer (outer) is made from plastic coated polyester fibers that are woven into a thick mat for durability. The outer layer is equally as thick as many multi-layered durable toys. The 2<sup>nd</sup> layer (inner) is polyester to make the toy even more durable. Both layers are cross-stitched together.

### DURABLE WEBBING

Each edge of the TUFFY<sup>®</sup> DURAFORCE<sup>®</sup> toy is covered with industrial grade webbing to protect the edges and create strength. The toy is then sewn again to ensure the toy stays together in the toughest interactive play.

### SQUEAKER SAFETY POCKETS

When possible, squeakers are sewn inside protective pouches for your dog's safety.
