TIGER TESTED, DOG APPROVED!

MULTIPLE ROWS OF STITCHING

Tuffy® toys can have up to 7 rows of stitching. The number of rows of stitching depends on the shape, size and style of the toy. Two directions of cross stitching hold the multiple layers together. Rows of stitching hold webbing around the material's edge, and the toy's parts are sewn together with up to 3 rows of stitching. When possible, a protective webbing is added around the outer edge and sewn up to 3 more times.

MULTIPLE LAYERS OF MATERIAL

Tuffy® MEGA toys can have up to 7 layers of material depending on the shape, size and style of the toy. Our MEGA series (depicted here) can have up to 3 layers of luggage grade material. Certain layers of material are coated with a layer of plastic to hold the material fibers together. Finally, we use soft fleece for the outside layer.

PROTECTIVE WEBBING

For our MEGA series we add an additional layer of webbing, whenever possible, around the outside edge to cover the seams of the toy. This is sewn multiple times, for added durability.

SQUEAKER SAFETY POCKETS

When possible, squeakers are sewn inside protective pouches as an added layer of safety.
