YEARS

## SOFT, YET MIGHTY STRONG!

### MULTIPLE ROWS OF STITCHING

Tuffy<sup>®</sup> Mighty<sup>®</sup> toys have multiple rows of stitching. The number of rows and stitching depends on the shape, size and style of the toy. Two directions of cross stitching hold multiple layers of material together.

### MULTIPLE LAYERS OF MATERIAL

Tuffy<sup>®</sup> Mighty<sup>®</sup> toys have 2 layers of material. We add an internal layer a luggage grade material for added strength when playing games like tug. Then, a second layer with a soft fleece.

### DURABLE SEAMS

All seams are located inside of the toy to discourage chewing. Whenever possible, a layer of webbing is added to the vulnerable seams to reinforce and make them stronger.

### HIGH DURABILITY AND QUALITY

Each toy incorporates quality materials that provide the highest level of durability.
